STRENGTH IN NUMBERS!

When people are united by a common cause, there is no limit to the good they can accomplish. If each of the expected 2,300 Walk & Run for Wishes participants asked 20 people they knew to give just \$10, we could raise nearly half a million dollars in a single day — enough money to make wishes come true for nearly 100 Wisconsin children living with life-threatening medical conditions. *Share the power of a wish®* and start raising pledges today! Thank you!
